

Trick Your Horse Training with Austin Anderson

Sunday April 29, 2012

9 a.m. Harmony Horsemanship Center
473 Golf Course Road Altoona, PA (Sinking Valley)

Join Texas Native Austin Anderson as he shows you how to use Trick Training and Cross Lunging to build a foundation for Liberty Training with your horse. There is something for **every** horseman at this clinic

You will learn:

Trick Training

- * Spice up your training routine with Trick Training
- * Start your Trick Training with simple and safe tricks which build a foundation for later trick training
- * Tricks can include: bow, saying yes and no, and pedestal.

Continue to make your training fun for you and your horse as Austin shows you how he uses Cross Lunge Line Training to lay the foundation for Liberty.

- * Stop using your lunge line to just tire out your horse and start using it as a training tool.
- * Learn to move out and stop your horse properly
- * Use the lunge line to prepare your horse for Liberty
- * Teach your horse to give from his head on line
- * Prepare your horse for riding using the lunge line.
- * Use the lunge line to truly exercise your horse not just as a warm up.
